# CARLOS YAHIR LARA RUIZ

## Computer Science & Engineering Student

## ABOUT ME

Student of a bachelor of engineering soon to graduate and IBM Open System Lab Test Automation Intern. I have experience in development of web pages and python scripting.

My professional goal is to become a great element in a team dedicated to QA, development of tools for automation and IT.

Highly organized, committed to study and work. I am constantly learning new technologies and improving my skills.

## EXPERIENCE

### Open System Lab Test Automation Intern

**IBM**

Jul. 2024 - Currently

I am collaborating with the storage test automation team by helping them solving issues related to implementation of new internal tools, Python scripting and contributions to an open source tool to manage laboratory inventory.

### Laboratory coordinator

**Inventores Lab. – Universidad de Guadalajara'**

Aug. 2023 - Mar. 2024

As a laboratory coordinator and project manager, I was involved in the development of web pages for the laboratory such as landing pages, development of video games with Unity and modeling projects in Blender and 3D printing.

### Operations analysis

**HEMAC**

Feb. 2023 - Jul. 2023

I supported projects of the 'Red Jalisco' program in the operations analysis department, where I documented and managed installation and maintenance documentation for multiple network devices and installations, Zapopan C5 cameras and video walls.

## EDUCATION

2020 - Dec. 2024
**Computer Engineering**
Universidad de Guadalajara

Apr. 2024 - Now
**React and TypeScript Course**
UDEMY

2020 - 2022
**B2 English Certification**
Proulex UdeG

2018 - 2020
**Diploma in Web Programming**
Universidad de Guadalajara

## HARD SKILLS

- Python
- VisualStudio
- JavaScript
- HTML/CSS
- C++
- MySQL
- React.js
- Linux OS
- Windows
- CLI
- Git / GitHub
- Jira
- Fluent level of English
- Agile methodologies
- Virtual machines

## SOFT SKILLS

- Active Listening
- Proactive
- Teamwork
- Attention to detail
- Effective Communication
- Autodidact
- Creativity
